Silversea celebrates Silver Muse christening

THE Australian travel industry last night welcomed Silversea Cruises' new *Silver Muse* in style, with a lavish function at Sydney's Park Hyatt Hotel complete with a Sydney Symphony Orchestra string quartet.

The event was hosted by Silversea in partnership with Monaco Tourism, with the vessel formally christened in Monte Carlo overnight.

The musicians appeared courtesy of Emirates which has announced the expansion of capacity to Nice with the deployment of an A380 from 01 Jul (TD 24 Mar) along with helicopter transfers for passengers travelling onto Monaco.

The evening included a special video message from Silversea chairman Manfredi Lefebvre d'Ovidio, who thanked the Australian travel

sector for its strong support which has made Australia the third biggest market for the cruise line.

These pics were taken at last night's event - lots more at facebook.com/traveldaily.
