

# Supertouring through the US South

TWENTY top-selling Australian travel agents have returned from an exclusive 11-day tour of the United States' Southern States, courtesy of Globus family of brands' annual Supertour, where the group experienced five cities across four states and enjoyed an array of authentic Southern experiences along the way.

Highlights included exploring the Magnificent Mile on Michigan Ave in Chicago; panoramic views of Missouri's St Louis - 630 feet up; discovering first-hand why Nashville is renowned as the "Country Music Capital of the World"; taking a sneak peek into the home of the late king of rock and roll, Elvis Presley; as well as kicking back at a garden party-themed gala night in New Orleans.

The 2019 edition was yet another successful Supertour, with one of the agents noting "it was the best trip I've ever had in my nine years as an agent".

Another observed "I have been on a few top achievers' trips and this was by far the most organised, welcoming, informative and fun", while another enthused "not only did we feel rewarded by achieving the trip, but we were continually rewarded along the way. At every opportunity we were made to feel special. Having never travelled myself with GFOB, it has made me want to travel more with the brand myself and continue to recommend to my clients".

This could be you next year - don't forget all Globus, Cosmos, Avalon Waterways and Monograms passengers booked from 01 Mar 2019 count towards Supertour 2020.
