The development of Qatar as a destination has seen the best hotel brands, restaurants, spas and shops create an “oasis of luxury” in the heart of the Middle East; however, this does not mean the country is not rich in Arabian tradition.

Qatar’s heritage and cultural diversity is like none other,

offering an “east meets west” distinctiveness, and the best of the Middle East all in one.

An emerging destination, Qatar offers a diverse range of activities, and varied itineraries for every type of trip and traveller, including more than 500 kilometres of pristine coastline, as well as spectacular desert, headlined by the Inland Sea.
