

# ATEC's Queensland team lands at Jupiters

OVER 110 delegates attended this year's ATEC South Queensland workshops, held at Jupiters on the Gold Coast. The event provided an opportunity to zone in on the new developments and some of the significant new investment in the destination recently, including the refurbishment of Jupiters Casino and the Pacific Fair Shopping Centre.

During their stay at the Casino, guests enjoyed a welcome dinner which featured a Frankie Valli and the Four Seasons tribute band and familiarised themselves with the new Treasury Casino site in Brisbane.

The event wrapped up with a 'shop and dine' experience at the new Pacific Fair Shopping Centre where delegates received a shopping voucher to use that night. The Gold Coast will also play host to Corroboree West in Oct as well as next year's Commonwealth Games.
